**Delivery costs within New Zealand included**

Bigger formats possible per request

### *My service*

All prices include an in-depth chat where we choose the motif and perfect perspective together, choose your paper format as well as the colour palette. Furthermore, my service includes a pre-sketch in pencil and the final draft in a style of your choice: full colour - with and without background - or a black line drawing. All materials are included in the price as well as one change in the preliminary-design-phase. Per request I'm happy to provide you with a high-quality digital print file of the artwork for reproduction which comes at additional cost.

*Contact me with any questions or your request*
